Process for Engaging a Foreign-Based Independent Contractor or Consultant

I. Purpose
The purpose of the “Process for Engaging a Foreign-Based Independent Contractor or Consultant” is to help ASU faculty and staff navigate and comply with ASU, state, federal, and foreign regulations for engaging a foreign-based independent contractor/consultant. Global Operations encourages faculty and staff to complete the following steps in the order in which they are provided, and reference the relevant policies for additional guidance. Please note that this document does not cover design and construction related services.

II. Policies
- **FIN 421-01**: Guest Lecturers, Consultants, and Other Independent Contractors
- **FIN 425-04**: Nonresident Alien Independent Contractors and Other Foreign Entities
- **PUR 303-02**: Sole Source Procurement/Justification
- **PUR 305-01**: Bidding Requirements for Procurements Costing Less than $50,000
- **PUR 305-02**: Bidding Requirements for Procurements Costing at Least $50,000 but Less than $100,000
- **PUR 306-01**: Bidding Requirements for Procurements Costing $100,000 or More
- **PUR 306-02**: Waiver of Bidding Requirements for Procurements Costing $100,000 or More
- **PUR 402-01**: Personal/Professional Services
- **RSP 503-03**: Consultants, Guest Lecturers, and Other Professional Services for Sponsored Projects
- **SPP 210**: Consultants/Independent Contractors

III. Procedures
A. Select Independent Contractor/Consultant

1) **Identify staffing need** | Responsible party: department staff
Use Appendix A: Guidance Document for Staffing Global Projects to determine the appropriate pathway for staffing your global project. While engaging an individual as an independent contractor/consultant is generally easier than hiring the individual as an employee, the independent
contractor/consultant process should not be used to circumvent the employee process (SPP 210, FIN 421–01). If you determine that using an independent contractor/consultant is the appropriate pathway for staffing your global project, proceed to the next step.

2) Draft scope of work | Responsible party: department staff
Draft a scope of work that includes clearly defined milestones, deliverables, and a timeline.

3) Estimate total dollar amount | Responsible party: department staff
Estimate the total dollar amount, including expenses, that you anticipate paying the independent contractor/consultant for the entire scope of work. Take into account potential amendments to the scope of work. For example, if you anticipate renewing a one year scope of work for a second year, your estimate should be for two years.

4) Satisfy competition requirements | Responsible party: department staff and Purchasing buyer
Use the following table to determine the competition requirements for your independent contractor/consultant, based on the estimated total dollar amount. Follow the Purchasing processes referenced in the table to satisfy the competition requirements and select an independent contractor/consultant.

</table>
SSJ

Justification for Sole Source Purchase
You can skip the informal/formal bidding process. There is only one source that supplies the good or service.

Bid Waiver
Request for Waiver of Bidding Requirements
You can skip the informal/formal bidding process. You must first obtain approvals from several high-level administrators. Bid waivers are typically reserved for emergency orders.

B. Prepare Documentation

1) Complete and submit the Employee/Independent Contractor Determination Checklist | Responsible party: department staff
The Employee/Independent Contractor Determination Checklist (ICC) must be completed for each independent contractor/consultant with the following exceptions:

- Expense reimbursement only: no income or honorarium payment is included.
- Cumulative payments to the individual service provider of less than $600 per calendar year
- Guest lecturers and speakers visiting campus for less than two weeks
- Individuals performing external peer-review consulting services as part of departmental/program accreditation
- Performers giving a limited number of performances
- Athletic Officials
- Corporations or partnerships (sole proprietors and single member LLC’s are not exempt)

Complete the ICC at least two weeks prior to the start date of the independent contractor/consultant. Email a copy of the completed form to Connie.Steinberg@asu.edu in Tax Services. Expect to receive the approved/unapproved ICC back from Tax Services via email within a few days to a week and a hard copy via campus mail within two weeks. If Tax Services approved your ICC, proceed to the next step.

</tr>
</tbody>
</table>
2) Locate or setup the individual/organization in Advantage | Responsible party: department staff (finance)
Search Advantage to see if the independent contractor/consultant is in the system as a vendor. If the independent contractor/consultant is not in the system, have the independent contractor/consultant complete the appropriate tax form(s) (W-9 and vendor authorization form, W-8BEN, or W-8BEN-E). Use the completed tax form(s) to setup the independent contractor/consultant as a vendor in Advantage.

</tr>
</tbody>
</table>

3) Prepare contract documents | Responsible party: department staff
If the total dollar amount is $10,000 or under, complete the DPSO, and have the independent contractor/consultant sign and return it prior to the start date of their services. This is considered the contract. Upon completion of the services, have the department sign the DPSO, confirming the services provided are complete. Submit the DPSO along with invoice, payment, and ICC to Financial Services, University Services Building, Mail Code 5812.

If the total dollar amount is over $10,000, prepare the contract. Review Appendix C: Special Provisions, and add required special provisions to the contract. For Exhibit A – Services and Deliverables, finalize your scope of work prepared in section A.2. above. For Exhibit B – Compensation, draft a document detailing the compensation arrangements you and the independent contractor/consultant have agreed to. Include the following information:

- Payment amount and type – tie payments to deliverables whenever possible:
  - Fixed payments are preferred over hourly rates
  - If using hourly rates, consider getting quotes and including a cap, e.g. “$300/hour up to $6,000”
  - Desired division amount between services and expenses
- Dates invoices are due
• Contact info for where invoices should be sent
• Invoice requirements (see Appendix B: Invoice Requirements)
• “Payments will be processed after invoices are received.”
• “Payments will be made in U.S. Dollars.”
• “Expenses shall not exceed ASU per diem amounts.”

For Exhibit C, obtain certificates of insurance from an authorized agent of the independent contractor’s/consultant’s insurance broker. Finally, have the independent contractor/consultant complete the Sole Proprietor Waiver or Independent Contractor Agreement to satisfy workers’ compensation insurance requirements.

</tbody>
</table>
C. Execute Contract

1) Partially execute contract  | Responsible party: department staff
Send the contract with special provisions and exhibits to the independent contractor/consultant for signature. If the independent contractor/consultant requests revisions, notify the appropriate Purchasing buyer. You can determine the buyer by the commodity type. Most procurements will fall under “General – Consultant Fees.” Once the independent contractor/consultant signs the contract, proceed to the next step.

2) Send documents to Purchasing  | Responsible party: department staff
Send the following documents/information to the appropriate Purchasing buyer.
- Quotes
- Approved sole source justification
- Approved bid waiver
- Approved ICC
- Partially executed contract
- Certificate of insurance
- Sole proprietor waiver or independent contractor agreement
- Email of the independent contractor/consultant

Confirm that the buyer has all the info he/she needs to prepare the purchase order and sign the contract.

3) Submit RX through Advantage | Responsible party: department staff (finance)
Submit the RX through Advantage.

<table>
<thead>
<tr>
<th>Abbreviation</th>
<th>Name</th>
<th>Description</th>
<th>$100.01 - $10,000.00</th>
<th>$10,001 - $49,999.99</th>
<th>$50,000.00 - $99,999.99</th>
<th>$100,000.00 and over</th>
</tr>
</thead>
<tbody>
<tr>

<td>You send a request to the Purchasing buyer to setup a purchase order.</td>
<td>✓</td>
<td>√</td>
<td>✓</td>
<td>√</td>
</tr>
</tbody>
</table>

*See Purchases Not Requiring a Purchase Order for exceptions.*
4) Setup PO and fully execute contract | Responsible party: Purchasing buyer

Setup the purchase order (PO), sign the contract on behalf of ASU, and distribute copies to the department staff and independent contractor/consultant.

D. Execute Amendments

1) Prepare contract changes | Responsible party: department staff

Prepare contract changes, including revisions to scope of work, compensation, contract term, terms and conditions, etc.

2) Identify changes to competition requirements | Responsible party: department staff

If the amendment includes changes in compensation, review section A. 4. above to see if you have crossed a new dollar threshold. If you have done so, follow the guidance in that section to satisfy the new competition requirements.

3) Send documents to Purchasing | Responsible party: department staff

Send the relevant documents/information to your previously assigned contracts specialist.

4) Prepare, execute, and distribute amendment | Responsible party: Purchasing contracts specialist

Prepare the amendment, have the amendment signed by the independent contractor/consultant and ASU, and distribute a copy of the fully executed amendment to all parties.

5) Request changes to PO | Responsible party: department staff

Send the following documents/information as applicable to your assigned Purchasing buyer to update the purchase order:

- Fully executed amendment
- Approved sole source justification
- Approved bid waiver
- Approved ICC
- Vendor-signed Workers Compensation Waiver
- PO information:
  - Current PO number
  - Current PO balance by line number
  - PO increase(s) by line number and amount (must match amendment)

6) Execute changes to PO | Responsible party: Purchasing buyer

Execute changes to the PO and send copies to the department staff and independent contractor/consultant.
Appendix A: Guidance Document for Staffing Global Projects

Review the statements in each column to determine the appropriate pathway for staffing your global project. Then, follow the process outlined at the bottom of the chosen column.

</tbody>
</table>
Appendix B: Invoice Requirements

Require your independent contractor/consultant to provide the following information on invoices at a minimum:

- Company name and address
- Unique invoice number
- Invoice date, e.g. dd/mm/yyyy
- Range of dates covered by invoice, e.g. dd/mm/yyyy – dd/mm/yyyy
- Wire Transfer Information including bank name and address, account number, swift code, ABA number, and routing number.

Following is a sample invoice template that you can include in your contract and/or send to your independent contractor/consultant.

Appendix C: Special Provisions

The following special revisions should be included in all contracts with foreign-based independent contractors/consultants. If the independent contractor/consultant is being hired under a sponsored project, you should also identify terms and conditions need to be flowed down such as travel requirements.

**Foreign Corrupt Practices Act Compliance.** CONSULTANT warrants that it is familiar with the U.S. laws prohibiting corruption and bribery under the U.S. Foreign Corrupt Practices Act. The parties agree that, in connection with the services and activities undertaken pursuant to the Agreement, they shall not offer or provide money or anything of value to any governmental official or employee or any candidate for political office in order to influence their actions or decisions, to obtain or retain business arrangements, or to secure favorable treatment in violation of the Foreign Corrupt Practices Act, either directly or indirectly. Any breach of the U.S. Foreign Corrupt Practices Act shall be deemed a breach of this Agreement for purposes of termination.

**Export Controls.** CONSULTANT and the UNIVERSITY acknowledge and agree that interactions between U.S. nationals and non-U.S. national might be subject to U.S. laws and regulations controlling the transfer or sharing of information or technical data, computer software, laboratory prototypes and other commodities (“Technology”), as defined and restricted by the U.S. Export Administration Regulations, U.S. International Traffic in Arms Regulations, and through the sanctions and embargoes established through the Office of Foreign Assets Control (“Export Control Laws”). Accordingly, the parties agree that none of the services undertaken pursuant to this Agreement shall require either party to take or fail to take any action that would cause a violation of the Export Control Laws. If any of the activities to be undertaken pursuant to this Agreement require, in the sole judgment and discretion of the UNIVERSITY, a license or other authorization from any agency or authority of the U.S. government and/or any written assurances that the party receiving any Technology shall not re-export, transfer or otherwise share such Technology to certain other foreign nationals or destinations without the prior approval of the U.S. Government, the parties agree that no such activity shall be required unless and until such license or written assurance is obtained. The parties agree to cooperate with each other in order to facilitate compliance with any applicable requirements of the Export Control Regulations.
